Summary

I am an aspiring Java Full-Stack Developer with practical experience in building web applications using **Java, HTML, CSS, and JavaScript**. I have developed some academic and personal projects that demonstrate my ability to design and implement functional systems. I am passionate about solving real-world problems using software and continuously improving my development skills. I am currently seeking a **Work Integrated Learning (WIL)** opportunity to gain industry experience and apply my technical knowledge in a professional environment.

Skills

JAVA • JAVASCRIPT • REST APIs • CRUD OPERATIONS • JWT • SERVER-SIDE LOGIC • SQL • HTML • CSS • INTELLIJ • GIT • GITHUB • MYSQL

Projects

ZinExpress Logistics Website

Technologies: HTML, CSS, JavaScript, Java

- Developed a website concept for a logistics company specializing in transportation services.
